

PRESS NOTE

3V SAFE TUNNEL INSTALLED IN RACHAKONDA POLICE COMMISSIONER OFFICE AT NEREDMET - PPE HANDED OVER TO FRONT LINER POLICE PERSONAL ON DUTY

3V Safe Tunnel, a disinfectant tunnel was installed today at the Office of Commissioner of Police Rachakonda at Neredmet in Telangana State by S3V Vascular Technologies Private Limited. This tunnel uses an aerosol technology to provide maximum protection to people passing through the tunnel in around 20 seconds. The atomized liquid spray disinfects all surfaces, even those that are not directly exposed to the nozzles. The disinfectant used consists of a combination of a water-soluble polymer and iodine. The solution has been proved to be effective against SARS, MERS and Ebola viruses.

S3V Vascular Technologies Private Limited is a Medical Device company that manufactures devices for the brain and heart. 3V Safe Tunnel is one of the many methods to reduce local transmission of COVID-19 virus.

Sri Mahesh Bhagwat,IPS, CP Rachakonda has thanked the team of 3V Safe Tunnel Sri Badri Narayan, Dr. Vijay for their innovative solution and for providing one at their office. He also appreciated the efforts of the team in designing a smaller tunnel that can be set up in all the police stations of Rachakonda. He also thanked Sri Msganti Pradeep Kumar of Siri Sampada group for sponsoring tunnel to Rachakonda.

Also 200 PPE kits are given to police personnel working at isolation centers, personnel assisting medical staff in dealing with people to be quarantined, etc. Sri Mahesh Bhagwat thanked Sri Pushparaj, COO, Sri Baji Babu and Sri Nageswar Rao (Retd Addl SP), Security head of Indus Towers for sponsoring the PPE equipment to Rachakonda Police.
